

VOTE STRONG / DON STRONG

www.donaldstrong.com

Hi folks, I'm Don Strong, your Strong Choice for Conservative Leadership in the United States Congress. I remember Ronald Reagan's remarks at the Brandenburg Gate in June of '87, "Mr Gorbachev, tear down this wall!" And the Cold War ended.

I say let's tear down the political walls and barriers that divide and undermine America's true values and greatness. I say let's tear down the walls and barriers to affordable healthcare. Let's tear down the walls and barriers to affordable education and let's start creating good jobs that pay a living wage for American workers.

There is nothing wrong with America that can't be fixed. I'm asking you to Vote Strong / Don Strong for Congress in the Republican Primary and let's get to work on moving this great country of ours forward towards a Strong and Prosperous future.
